Ga., for the murder of his wife's grand

hang this morning for the murder of
Palanski Leada, was granted a reprieve
until May 23 by Gov. Beckham to per-

or took this action after the jury

Richard S. Greener, the American
commercial agent at Vladivostok, has
cabled the State Department at Wash-
ington that he is leaving Vladivostok
the Russians having requested all the
foreign agents to depart and accord-
ing their permission to take up quar-
ters in the maritime provinces. This
action on the part of the Russian
authorities is regarded as an indica-
tion that Vladivostok is to become
the scene of war, as similar meth-
ods were adopted prior to the invest-
ment of Port Arthur. Dispatches
from Singapore and Saigon indicate
that the report of the junction of the
fleets of Rojastevsky and Neboka
toff was correct, but that the com-
bined fleet on May 16 was 700 miles
from Port Arthur, where Togo's fleet
is believed to be waiting.

York Railway and Coal Company, which
has \$3,000,000 common and
\$600,000 preferred stock.

states that he regards it likely that
impossibility of building the Isth-
mus Canal will be acknowledged as a
great length of time has elapsed.

Control of the New Orleans street
car is now held by capitalists of
city. On Wednesday 10,000 shares
of stock were bought by them
for their holdings a majority of
entire common and preferred.

interest in the naval situation in
the Far East. With Secretary Mor-
ton and Commander Schroeder, of the
Bureau of Naval Intelligence, he

the prospective battle between the
Russian and Japanese fleets.

Moses H. Feltner has requested
Gov. Beckham to furnish him with a
guard when he goes to Jackson to

Linerth's left wing is contracting his
troops along the center. The
Russian army occupies a line forty-
two miles in length and is strongly
entrenched. The War Office at St.
Petersburg has no doubt that Oyama
will accept battle in his present
position. There is no definite report
of the whereabouts of the Russian and
Japanese naval fleets.

The teamsters' strike at Chicago
came to an end yesterday. After
many conferences it was agreed that
the teamsters should recognize the
Employers' Teaming Company as a
permanent institution and that the
"open shop" should prevail. The
strike was to be terminated where
vacancies existed, except that the em-
ployers will not consider the applica-
tions of men who have been guilty
of lawless conduct. Union drivers
most deliver goods to express com-
panies irrespective of strike, and
working conditions will be the same
as before the strike. Prosecutions
that have begun in the courts are to
be continued. The settlement of the
strike with other concerns does not
include the express companies.

Does the Soil Pay.

"Back to the soil!" said an Eng-
lishman after studying social con-
ditions in America cities.
From South Dakota comes the story
of L. D. Smith to prove whether the
soil pays. In the past fourteen years
he has made \$1,500,000 farming near
Madison.

Mr. Smith began his career as a
farmer in Illinois. He managed to
save a few hundred dollars, with
which he made a payment on a farm
in that State. He earned the money
from the farm to pay off the debt.
Then he bought another farm and paid
for it in the same way. He conducted
his farming as a large manufacturer
manages his plant. To get the largest
possible crop from his land each year
at the minimum of expense. He would
not permit waste of manure, labor or
money. He worked systematically in
his work and he worked hard. He was
slow to take new ideas and new ma-
chinery that would save money and
improve his crops.

In 1891 he went to South Dakota.
By that time he had built up an estate
of \$100,000, every cent of which he
invested in land. Then he plowed the
virgin soil and sowed his crops. He
had faith and his faith won. His land
became valuable. He sold and resold.
He never relaxed his energy and sys-
tem.

Now Mr. Smith has nearly \$2,000,000.
Besides stocks in banks and other
real estate, he owns thirty-four mag-
nificent farms in central South Dako-
ta and 3,000 acres of highly improved
land in Iowa. "A third of my
money I earned with my hands, the
remaining two-thirds with my head,"
he said to a newspaper man.

The man to whom this millionaire
farmer spoke described his farm thus:
In a plain, rambling house, not far
from Madison, boasting none of the
luxuries that come so readily to those
with fortunes, Mr. Smith is residing
his reward and is perfectly happy. In
the broad rooms of that home are to
be found no plush carpets, no danc-
ing floors, no reception halls, no ma-
hogany furniture. The home shows
that the last dollar needed for com-
fort has been spent, and not one cent
more. About that home spread no
gleaming lawns, no sprouting foun-
tains, no winding drives. Instead
loom up great red barns where the
echo of tramping horses resounds
day and night, long rows of hay
stacks, lowspreading sheds for his
cattle.

Does the soil pay?
Ponder the case of Mr. Smith. It
furnishes the answer.—Courier Jour-
nal.

AN OPEN LETTER.

From the Chapin, S. C., News: Early
in the spring my wife and I were
taken with diarrhoea and so severe
were the pains that we called a phys-
ician who prescribed for us, but his
medicines failed to give any relief.
A friend who had a bottle of Cham-
berlain's Colic, Cholera and Diarrhoea
Remedy on hand gave us each of us
a dose and we at once felt the effects.
I procured a bottle and before using
the entire contents we were entirely
cured. It is a wonderful remedy and
should be found in every household.

Sometimes a flaming city is saved
by dynamiting a space that the fire
can't cross. Sometimes a cough nag-

but dynamite would cure it. Z. T.

wife had a very aggravated cough,
which kept her awake nights. Two
physicians could not help her; so she
took Dr. King's New Discovery for
Consumption, coughs and cold, which
eased her cough, gave her sleep, and
finally cured her." Strictly scien-

Every Woman Should Write Dr. S.

Hartman Sanitarium.

MRS. JOSEPH LACELLE.

Mrs. Joseph Lacelle, Ottawa, East,
Ont. Canada, writes:

"Peruna is better by far than any
other medicine sold in the Dominion for
the troubles peculiar to the sex. I suf-
fered with backache, headache and
dragging down pains for over nine
months, and nothing relieved me a par-
ticle until I took Peruna. A few bottles
relieved me of my miserable half-dead,
half-alive condition. I am now in good
health and have neither ache or pain,
nor have I had any for the past year.
If every suffering woman would take
Peruna they would soon know its value
and never be without it."—Mrs. Joseph
Lacelle.

CALIFORNIA

Do you want to live where the climate is mild the year round—
where labor is never oppressed by stress of weather, and where
animal vitality is never lost by mere conflict with cold?

Do you want to live in a region where the resources are more
varied than in any other equal area in the world, where the division
of great ranches affords a fine opportunity to get a small farm that
will assure you a competence?

Do you want to live where, with a minimum of labor, you can
grow profitable crops of grapes and small fruit, oranges, lemons,
olives, prunes and almonds, alfalfa and grain, where crops are sure,
business is good and capital easily finds profitable investment?

Then go to California, where both health and opportunity await
your coming.

The Chicago, Union Pacific and North-Western Line

is the most direct route to the Pacific Coast, and there are two
fast through trains daily via this line, over the famous double-
track railway between Chicago and the Missouri River.
Special low round-trip rates are in effect via this line
throughout the summer to various Pacific Coast points, and
colonist low rate one-way tickets will be on sale during Sep-
tember and October, which give an unusual chance for settlers
to make the trip at a minimum of expense.

Daily and personally conducted excursions are operated through to San
Francisco, Los Angeles, and Portland without change, on which a double

Statistics show that while farmers form fifty per cent. of the population of the country, they commit only two per cent. of the crime. The tillers of the soil are indeed the flower of the earth.

Senator Blackburn is making a desperate effort to elect either himself or a Republican to the United States Senate from Kentucky. In support of this statement we refer to the speeches he is delivering.

Witnesses were introduced before the Federal grand jury in Chicago to show that cattle buyers for the packing concerns and representatives of commission houses had adopted a practice of meeting each morning and agreeing on the price of cattle for the day.

As the NEWS has often said during the past fifteen years, the immigration problem is one of the most serious with which this country has to deal, and the politicians are grossly neglectful of the matter. They all seem to be afraid to take decisive action. We hope the report is true that President Roosevelt is considering the idea of presenting the immigration problem to Congress as containing a serious peril, and urging drastic action. Immigration this year is breaking all records. The figures indicate a total immigration for the year over a million, or one-eighth of the population, or most of it comes from Italy, Hungary and Russia.

Two methods are under consideration—the limiting of the number of emigrants who can be landed in a month, and the increase of the head tax to a prohibitive figure. The latter is the one likeliest to be recommended by the President. The purpose is to check and reduce the immigration as much as possible.

Immigration from Great Britain, Ireland, Sweden, Norway, Germany and other countries furnishing desirable citizens is vanishing, and is being replaced by an enormous emigration of the least desirable classes from the three countries above named. If the immigrants from these three countries would go to the country, the problem would not become so serious, and it might not be necessary to consider the idea of checking the rush at all. But they stay in the cities.

The City Council met in adjourned session Monday night.

The Improvement committee was ordered to let contracts for certain repairs needed on the streets.

Sidewalks were ordered built as follows: On the west side of Water street, between Main and Perry.

On the east side of Water, from Perry to Pike.

On the south side of Franklin from the railroad to C. T. Hule's.

West side of Main from Madison to Franklin.

East side of Lock avenue from the railroad to C. T. Hule's.

Property of J. H. Crutcher.

Culley Bromley and T. D. Burgess, thus connecting the sidewalk from R. S. Chaffin's to the government property and completing the Lock avenue walk.

In an article concerning a carnival held last week at Silver City, New Mexico, the Enterprise has the following:

Last night witnessed the largest crowd of any previous evening and the attendance reached nearly 1000.

This is accounted for, partly, by the fact that the Queen of the Carnival and maid were crowned last evening before a large audience in the Roman Hippodrome.

The Queen was Miss Jean McClure, and her maids were Misses Edna Dorsey, Mary Whitehill and Ollie Warden.

The coronation took place on an improvised dais erected under the Roman Hippodrome tent.

Miss McClure, manager of the carnival company, was master of the ceremonies and in placing the crown on the head of Miss McClure made a pretty little speech.

After the coronation the Queen and her maids were guests of Mr. Meyers at all the attractions.

We acknowledge receipt of the following institutions:

The examination of applicants for teacher's certificates held here Friday and Saturday, resulted as follows:

1st class, 13, 2nd class, 8, 3rd class, 5.

Failures: 9. The examiners acting with the Superintendent were: G. B. Carter and H. S. Dean.

Those who received first class certificates were the following: Gordon C. Hurrell, J. M. Dalton, Laura B. Hurrell, Stanton Miller, Hester Murray, Janet O'Brien, Hannah O'Brien, Mabel Hunter, M. E. Sparks, Sam John, Chas. M. Elam, Dennis Ekins, Edgar Pennington.

Mr. Hickey, Superintendent of the steam shovel work being done by Langhorne & Langhorne, had his hip dislocated and his knee injured last Saturday while riding on a locomotive.

He was leaning against the cab and had one foot on the tender, when the tender lurched forward, catching his knee and forcing the hip out of place. He was taken to a hospital at Huntington.

Proctor Sturgell, of Wilbur, Lawrence county, and his cousin, Wallace Sturgell, passed through here Saturday on their way to Paris, Ill., where the latter resides.

Wallace was visiting his uncle, John Henry Sturgell, of Wilbur, when he was attacked with a violent case of rheumatism, and had to be accompanied home by Proctor Sturgell.

The members of the Baptist Church have arranged to give an entertainment at the Masonic Opera House on Thursday evening of this week.

The children will fill most of the program. A fine piano soloist from Ashtabula will be present and render a number of selections. The program promises an evening of excellent entertainment.

The heavy charges of dynamite exploded just below here by the force employed in connection with the steam shovel work, have broken some windows in Louisa houses, and it is said, cracked some walls.

There is especially loud complaint about the blasting being done throughout the night.

After the new schedule of trains goes into effect on the C. & O. on June 1st there will be only two collections of mail per day from the various mail boxes in Louisa.

The trains east and west arrive here at so nearly the same time that it would be impracticable to do otherwise.

M. S. Burns went to Frankfort Tuesday to appear before the Board of Equalization on behalf of Lawrence county in the matter of the proposed increase in valuation of our property for taxation.

As stated before in these columns, the Board increased the valuation fifteen per cent.

Miss Ada Johnson, daughter of D. H. Johnson, of Whites Creek, will be one of the graduates of the Bennington (Ky.) College, this year.

The commencement exercises took place Wednesday, May 21st.

Wreck on Big Sandy Division.

The wonderfully good fortune which had for so many years attended this division of the C. & O. Railway received a rude jar about seven o'clock last Friday night, and again about 2 a. m. the following morning.

Passenger train No. 26 left here about on time that evening with several coaches packed with raftmen returning to their various homes in the upper counties.

All went well until the train reached a point a few hundred yards west of Kise. Here, from some cause not yet fully known, three coaches turned completely over.

Fortunately no embankment was near, and hence there was no tumbling into the river, no dreadful burning.

Windows were shattered and glass flew in every direction, and the crowd in the cars were mixed as they were never before and certainly desire never to be again.

There were cut hands and faces, bruised bodies and a sprained limb, but not a bone broken in all the shaken up crowd.

News of the wreck was immediately carried to Ashtabula and as speedily as possible several more coaches were sent up to carry the passengers to their destination.

The new train with its load moved on up the road. Meanwhile a wrecking train from Ashtabula was sent out to clear away the ruins at Kise, and at Cherry, a mile or so further east, it ran into the rear end of the train, head of people already hurt and frightened from the disaster of only a few hours previous.

Then followed another scene of fright and injury, but good fortune still attended, for while many were surely bruised and sprained, no limbs were broken, no one really badly hurt.

The company surgeon at this place, Dr. W. W. Wooten, was sent up to the relief of the injured and went up on the first train. The wounded men were taken on board the regular passenger train, and from Cherry to Prestonsburg the surgeon had plenty to do. The following is a list of the injured:

Pitman Green, Ashtabula, who jumped from engine 98, dislocated shoulder; Ben Baker, Ashtabula, baggage man, general bruises; Ed Walker, brakeman, Ashtabula, right knee badly sprained; J. M. Phelps, Snifford, Ky., eye hurt and back sprained; Tom Marshall, Prestonsburg, head cut; Walker Burchett, Wadsworth, Ky., sprained leg; W. M. Roberts, Prestonsburg, side and leg bruised; J. F. Braddock, Pikeville, shoulder, leg and hand sprained; James Gibson, Pikeville, back and shoulder sprained and arm cut; Jeff Crist, Prestonsburg, leg sprained; Thos. Brown, Dwaile, both legs sprained; John Potters, Frazer, Ky., cut of leg mashed; Sam Watkins, Denver, Ky., head cut, John Franklin, Noviger, Mo., scalp wound and concussion of brain; H. C. McChann, Paintsville, scalp wound; Dr. Neal, Morehead, scalp wound; Simon Bartlett, Richmond, both legs sprained, side and shoulder bruised.

Other Neighbors.

Frankfort, Ky., May 22.—State Superintendent Fugha has instituted a vigorous search for the person who secured from the original lists of common school questions which were last week sold to certain applicants for certificates in Hart and Warren counties, and if located, the person will be punished to the full extent of the law.

Superintendent Fugha has offered a reward of \$50, payable out of the common school fund, for the apprehension and conviction of the person. The Superintendent is confident that the guilty person will be located, and he will make an example of him.

Superintendent Fugha has given much thought to this matter of preventing the peddling of examination questions in advance of the day of examination, and it will be one of the matters discussed at the meeting of educators of Kentucky, to be held here on Thursday.

St. Louis, Mo., May 22.—An extraordinary story of fraudulent enlistment and double desertion concerning Richard and James Adkins, brothers of Huntington, W. Va., who were arrested by the Sheriff at Ashtabula, Ky., is printed here to-day. They enlisted together at Huntington, in October, 1902, and in November of same year deserted together from Jefferson Barracks, Missouri.

Richard Adkins fraudulently re-enlisted in August, 1904, and was again sent to Jefferson Barracks. He used the same name, and both his descriptive cards show that his brother was known to him.

Before the alleged fraud had been discovered he deserted again. Now against his record are double charges of desertion and fraudulent enlistment.

The Kentucky Sheriff turned the brothers over to the authorities at Columbus Barracks, Ohio, where they are held to await trial and sentence by a general Court-martial.

The following is taken from the Ashtabula department of last Saturday's Ashtabula Independent:

Charles Atkinson and Joe Gardner, two very prominent young men from Saltyersville had business in Huntington yesterday, and remained at the Florence Hotel over night.

This morning when investigating what sort of a day we were going to have, Mr. Atkinson dropped his collar button out of the window, and, stepping out after it, said, "Now, Joe, just watch me do a fancy step or two here." Mr. Atkinson, very unfortunately, did his steps on the skylight and went clear through, landing in the flour barrel in the kitchen below. No bones were broken; in fact, not even a scratch was made to show for this piece of fancy work.

When the boys paid their bill, Mr. Cox said, "Atkinson, you owe me at least \$10 damages for breaking my skylight." But Atkinson replied, "You're mistaken; you owe me \$10 for not putting a damper signal there."

Circuit Court.

The Lawrence Circuit Court will convene next Monday. Following is a list of those announced to serve on the jury.

Petit Jury:—Green Wellman, C. S. Guinn, Ed Boyd, Nathan Borders, P. E. Lambert, John H. Carter, Kelly Frayley, J. T. Tiffe, J. M. Bentley, Wm. Fletcher, D. K. Leslie, Wallace W. Millard, W. P. Hyington, L. W. Burton, Virgil Prose, James Grubb, W. H. Muncey, Mont Copley, Frank Johnson, D. M. Moore, J. S. Osborn, Thos. Large, James C. Carter, Jacob Workman, Thomas Murphy, Garfield Roberts, L. Adams, H. N. Fischer, Thos. Kane, W. E. Sturgill.

Grand Jury:—Nelson Sparks, W. H. C. Thompson, L. A. Garred, Dan Hatcliff, J. K. Woods, Calhoun Toler, Wm. Harvey, Landon Thompson, John Yates, L. M. Copley, C. W. Clay, W. F. Back, John S. Ross, G. T. Berry, J. J. Alley, C. F. Roberts, D. M. Justice, W. W. Daniels, James Carey, Wm. Easham.

Stone Crusher Purchased.

T. H. Roberts & Co. have purchased a fine stone crusher, and it is to be delivered here by June 3rd. It is to be used in preparing stone and sand for the use in the concrete piers of the Louisa & Fort Gay bridge, and also for any other purpose that may be demanded.

The capacity is 200 yards per day, which is sufficient to supply all demands in this line. The company will be glad to furnish crushed stone for use in sidewalks, on streets, roads or elsewhere at much less price than it has heretofore sold for here.

This enterprising company has done the community a good turn by installing this plant, as it puts the cost of concrete within reach of all who need such work. The city and county will doubtless find it economical and advisable to use some of the output of this plant.

Notice.

To the republicans candidates for the various county offices and to the candidates for Magistrate and constable in each Magisterial district. You are hereby notified to meet at Louisa, Ky., on the first day of June, 1905, and register in order to get your names on the ballots. Portsmouth, Ohio, May 22.—Her was finally rendered hopelessly insane Mrs. Catherine Deal, wife and mother of the Deal family whose alleged misdeeds the past winter have excited unenviable note in the states. Officers today took her into custody upon the arrest, secretly clad and talking incoherently of the latter days, when husband and three stalwart sons led peaceful lives on their little Kentucky farm.

Last February the youngest son, Clarence, was killed by a trapgun set in a store that the gang was attempting to rob in Wayne, W. Va. Two surviving brothers were later captured and now are awaiting trial at Wayne for a number of daring burglaries.

The papers last week told of the arrest at Manchester of the father, Wm. Deal, a daughter-in-law and four other men and women, members of an alleged gang of river pirates, and all are now in West Union Jail. They are suspected of numerous burglaries on both sides of the river and, living on a single shanty boat, marital distinctions, it is said, were wholly disregarded.

The mother refused to accompany the party, and these latest disclosures were all that was needed to unbalance her mind. She is 66 years of age and lived with her sister, who is well respected here.
